NASA NEWSLETTER FOR
INTERNATIONAL ULTRAVIOLET EXPLORER (IUE)

NO. 3

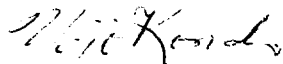

Dear Colleague:

This issue contains a listing of the objects observed with the IUE by the guest observers in the U.S. The period covered is through the end of December 1978.

We are also enclosing a reprint of the articles that recently appeared in the special issue of Nature. This reprint contains the description of the IUE as well as the highlights of the observational results obtained during the commissioning period.

The contents of this issue will be found on the following page. We wish to acknowledge the competent assistance received from Dr. Peter M. Perry and Ms. Vicki L. Wright in preparation of this Newsletter.

Cordially,

Yoji Kondo
