

THE IUE OBSERVATORY SCHEDULE

We present here the IUE Observatory monthly schedule for July 1983 through January 1984. Each month's schedule lists the date, local starting time, Principal Investigator, program identification code, and staff members' initials for each shift. The schedules presented here are accurate as of 8 November 1983. The large block of maintenance time at the end of November was scheduled to take exposeres for a new LWR Intensity Transfer Function (ITF).

George Sonneborn

IUE GUEST OBSERVER SCHEDULE
