

NASA IUE Reprints

(Received since Newsletter No. 35)

J. Esper, R. Arquilla

- "Comets", M. F. A'Hearn, 1988, in A Decade of UV Astronomy with IUE, Vol. 1, p. 47.
- "Comet P/Encke's Nongravitational Force", M. F. A'Hearn, and D. G. Schleicher, 1988, Ap. J., 331, L47.
- "Two Compact Planetary Nebulae of Moderate Excitation: NGC 6565 (3-495) and NGC 6644 (8-792)", L. H. Aller, C. D. Keyes, and W. A. Feibelman, 1988, P.A.S.P., 100, 192.
- "The Ionization Structure of Planetary Nebulae. VII. New Observations the Ring Nebula", T. Barker, 1987, Ap. J., 322, 922.
- "The Ionization Structure of Planetary Nebulae. VIII. NGC 6826", T. Barker, Ap. J., 326, 164.
- "Luminosity and Colour Variations of 88Her through phase changes from the Far UV to the visual region. I. A confrontation with traditional Be-star modeling", M. Barylak, and V. Doazan, 1986, Astron. Astrophys., 59, 65.
- "The Chemical composition of λ Bootis stars", B. Baschek, and A. Slettebak, Astron. Astrophys., 207, 112.
- "The Ultraviolet Calibration of the Hubble Space Telescope. II. A Correction for the Change in Sensitivity of the SWP Camera on the IUE", R. C. Bohlin, and C. J. Grillmair, 1988, Ap. J., 66, 209.
- The Ultraviolet Calibration of the Hubble Space Telescope. III. A Correction for the Change in Sensitivity of the LWR Camera on IUE", R. C. Bohlin, and C. J. Grillmair, 1988, Ap. J. Suppl., 68, 487.
- "Ultraviolet Spectra of HH 1 and HH 2: Spatial Variations and the Continuum Problem", K. H. Bohm, T. Burke, A. C. Raga, E. W. Brugel, A. N. Witt, and R. Mundt, 1986, Ap. J., 16, 349.
- "Are Most Short-period Cepheids Overtone Pulsators?", E. Bohm-Vitense, 1988, Ap. J., 324, L27.
- "The Cepheid Mass Problem and Cepheid Binaries", E. Bohm-Vitense, 1986, Ap. J., 303, 262.
- "A Simple Explanation for the Linsky-Haisch Boundary Line for Transition Layers", E. Bohm-Vitense, 1986, Ap. J., 301, 297.
- "Theory of Transition-Layer Emission Measures and Coronae", E. Bohm-Vitense, 1987, Astron. J., 317, 750.
- "A Nonspherically Symmetric Model for the Peculiar A Star α^2 CVn", 1987, E. Bohm-Vitense, and S. D. Van Dyk, Astron. J., 93, 6.
- "Multifrequency Observation of the Optically Violent Variable quasar 3C 446", J. N. Bregman, A. E. Glassgold, P. J. Huggins, A. L. Kinney et. al., 1988, Ap. J., 331, 746.
- "Ultraviolet Spectroscopy of the "Jetlike" Condensations of NGC 4151", 1988, F. C. Bruhweiler, and A. M. Smith, Ap. J., 327, 664.

- "The Ultraviolet Spectrum of Noncoronal Late-Type Stars: The Gamma Crucis (M3.4 III) Reference Spectrum", K. G. Carpenter, J. E. Pesce, R. E. Stencel, A. Brown, S. Johansson, and R. F. Wing, 1988, *Ap. J.*, **68**, 345.
- "IUE Observations of Neptune for H Lyman- Emission", J. T. Clarke, 1988, *Geo. Res. Lett.*, **25**, 701.
- "Ultraviolet and Optical Spectra of Broadline Radio Galaxies", D. M. Crenshaw, B. M. Peterson, and R. M. Wagner, 1988, *Astron. J.*, **96**, 1208.
- "The Long-period K + Be Binary HR 2577 (MWC 827)", R. C. Dempsey, S. B. Parsons, and B. W. Bopp, 1988, *P. A. S. P.*, **100**, 481.
- "Luminosity and Colour Variations of 88Her through Phase Changes from the Far UV to the Visual Spectral Regions. II. Empirical atmospheric modelling: an association between photosphere and envelope variations", V. Doazan, R. N. Thomas, and M. Barylak, 1986, *Astron. Astrophys.*, **159**, 75.
- "The Atmospheric Eclipse of 31 Cygni in the Ultraviolet", J. A. Eaton, *Ap. J.*, **333**, 288.
- "The Nature of TT Hydrae", P. B. Etzel, *Astron. J.*, **95**, 1204.
- "The IUE Spectrum of Cn 1-2 (= PK 326-10^o1): A Southern Counterpart to V1016 Cygni and HM Sagittae", W. A. Feibelman, *P. A. S. P.*, **100**, 1101.
- "The Ultraviolet Spectrum of AS 201: A Planetary Nebula", W. A. Feibelman, 1988, in *A Decade of UV Astronomy with IUE*, Vol. 2, p. 179.
- "A Spectrophotometric Study of IR Gem at Outburst and Quiescence", L. Feinswog, P. Szkody, and P. Garnavich, 1988, *Astron. J.*, **96**, 1702.
- "Is CO Responsible for the Outbursts of Comet Halley?", P. D. Feldman, M. F. A'Hearn, M. C. Festout, L. A. McFadden, H. A. Weaver, and T. N. Woods, 1986, *Nature*, **324**, 433.
- "IUE Observations of Comet P/Halley: Evolution of the Ultraviolet Spectrum between September 1985 and July 1986", P. D. Feldman, M. C. Festou, M. F. A'Hearn, C. Arpigny, P. S. Butterworth, C. R. Cosmovici, A. C. Danks, et. al., 1987, *Astron. Astrophys.*, **187**, 325.
- "Optical, Ultraviolet, and Infrared Observations of Cooling Flows in Rich Clusters", E. M. Hu, in *Cooling Flows in Clusters and Galaxies*, 1988, p. 73.
- "The Complex Wind of the Central Star of the Planetary Nebula Abell 78", J. B. Kaler, W. A. Feibelman, and H. F. Henrichs, *Ap. J.*, **324**, 528.
- "An Improved Photometric Analysis of SX Aurigae", A. P. Linnell, G. J. Peters, and R. S. Ploidan, 1988, *Ap. J.*, **327**, 265.
- "An Exceptionally Bright, Compact Starburst Nucleus", B. Margon, S. F. Anderson, M. Mateo, M. Fich, and P. Massey, 1988, *Ap. J.*, **334**, 597.
- "IUE Spectroscopy of U Cephei During the Mass Flow Outburst of 1986 June", G. E. McCluskey Jr., Y. Kondo, and E. C. Olson, 1988, *Ap. J.*, **332**, 1019.
- "Activity of Comet P/Halley 23-25 March, 1986: IUE Observations", L. A. McFadden, M. F. A'Hearn, P. D. Feldman, E. E. Roettger, D. M. Edsall, and P. S. Butterworth, 1987, *Astron. Astrophys.*, **187**, 333.

- "Ultraviolet Spectrophotometry of comet Giacobini-Zinner during the ICE Encounter", L. A. McFadden, M. F. A'Hearn, P. D. Feldman, H. Bohnhardt, J. Rahe, M. C. Festou, et. al., 1987, *Icarus*, **62**, 329.
- "HD 207739 and Other F + Be Variables", S. B. Parsons, R. C. Dempsey, and B. W. Bopp, 1988, in *A Decade of Astronomy with IUE*, Vol. 1, p. 225.
- "Recent Unusual Activity in the Be Star FY Canis Majoris", G. J. Peters, 1988, *Ap. J.*, **331**, L33.
- "The loss and Reestablishment of the Wind in 66 Ophiuchi in 1985", G. J. Peters, *P.A.S.P.*, 1988, **100**, 207.
- "The Algol-Like Binary TT Hydrae: The Stars, Circumstellar Matter, and Superionized Plasma", M. J. Plavec, 1988, *Astron. J.*, **96**, 755.
- "A New Study of the Interacting Binary Star V356 SGR", R. S. Polidan, 1988, in *A Decade of UV Astronomy with IUE*, Vol. 1, p. 205.
- "The Fluorescence of Cometary CH", D. G. Schleicher, and M. F. A'Hearn, 1988, *Ap. J.*, **331**, 1058.
- "The Environments of Cool Stars", R. E. Stencel, 1988, in *The Symbiotic Phenomenon*, p. 57.
- "Galactic Interstellar Abundance Surveys with IUE. II. The Equivalent Widths and Column Densities", M. E. Van Steenberg, and J. M. Shull, 1988, *Ap. J. Suppl.*, **67**, 225.
- "Galactic Interstellar Abundance surveys with IUE. III. Silicon, Maganese, Iron, Sulfur, and Zinc", 1988, *Ap. J.*, **330**, 942.
- "Ultraviolet and Visual Spectroscopy of DB White Dwarfs", G. Wegner, and E. P. Nelan, 1987, *Ap. J.*, **312**, 916.
