IUE PUBLICATIONS BY EUROPEAN OBSERVERS

The following references are from a list compiled by Michael Penston. They show the papers published in the main journals through June 1979 by UK and ESA observers.

"The Ne IV 2-P-4 Lines in the Planetary Nebula NGC 7662", Lutz and Seaton, 1979, M. N., 187, 1P.

"Observations of 3C390.3 with the International Ultraviolet Explorer", Ferland, et al., 1979, M.N., 187, 65P.
